High specification reflective materials

The sign of quality

Tayside Contracts Sign Shop is a leading player in the sign industry. Our reputation has been built on producing signs that last the test of time and weather, and we have achieved this through the implementation of rigorous quality systems.

Nikkalite

- We operate a quality system to BS EN ISO 9002 for all manufacturing and are a BSI registered company.
- We are members of the Local Authority Sign Manufacturers Association which promotes good practice in sign making.
- We are an approved supplier of the complete range of Nikkalite vinyls.
- We operate a nationally backed warranty scheme with guarantees of up to 10 years on many sign types.
- We are a British Sign and Graphics Association approved training centre.
- We use a rivetless face system to avoid puncturing sign faces.

Creating designs

A core part of our service is our facility to design your signs for you. Using dedicated computer packages, we can create a design to carry the precise message and image that you want to communicate. Prior to production, you can see exactly how your sign will look and any changes can be easily implemented. The same computer packages are used to control aspects such as the vinyl cutting, thus guaranteeing a tight control on quality throughout the entire process.

Service is our signature

Tayside Contracts' reputation for first class service is founded on delivering total customer satisfaction. To achieve this, we apply the same principles regardless of the task in hand. From a sign as small as 1 sq cm to an order for numerous signs of 40 sq m or more, we offer competitive pricing, meet exacting deadlines and are flexible in adapting to your requirements. Whether that means applying vehicle graphics to a mini tractor or to a 35 tonne lorry or from one vehicle to an entire fleet, we have the resources to deliver. We can even erect signs for you as part of the agreed package. And although our name is seldom seen on our work, the service we provide always carries the 'signature' of Tayside Contracts.

Significant experience

Our experience in the design and manufacture of signs stretches back over 20 years. The professional approach and high quality that we deliver today is a 'sign of the time' that we have spent perfecting our craft. Customers who already benefit include:

- Angus Council
- Dundee City Council
- Perth & Kinross Council
- Scottish Executive/Bear Scotland

"We have been customers of Tayside Contracts sign shop for many years and are very happy with the quality of signs which they produce. They have utilised their expertise to provide us with the products to meet our requirements, whether that has been for traditional road traffic signs or bespoke sign types for industrial estates, etc."

Chic Haggart
Traffic and Road Safety Manager
Perth & Kinross Council

"When our commercial vehicles required new livery, the Sign Shop provided us with an excellent service at a highly competitive price. We were highly impressed with the end result that reflected the professionalism of our own business."

Graham Forbes
